

boy lived right in the middle of the 'Hood, so he could take advantage of the disenfranchised.

This man said he wanted to "start a new race" with the women he captured, tortured , raped and killed. Hatred travel through his veins not blood and where there should have been a brain a cave mentality existed. If you close your eyes and tilt your head into the wind tonight, you can hear the wails of our women who suffered under the madness of this barbarian.

This country is the home of the insane raised on a diet of Blood and hate. No one knows how long Heidnik operated his house of horrors and how many victims he truly destroyed. Convicted of the deaths of Deborah Dudley and Sandra Lindsay, whose body parts were found in a cooking pot and in a freezer, he also had several other women tied upside down and one in a pit swimming in her own piss and shit. Heidnik operated in cannibal heaven.

He reportedly would climb down in the pit and rape the victim in the filth he created with her bondage. He would feed his captives dog food with ground up body parts and even electrocuted one victim and jammed a sock down the other's throat until she also died. This Stock Market genius was as rich as shit and as racist as Governor Ridge.

Imagine for a minute the foul smell of this dank damp House of Horrors and the pain and terror suffered by our Sisters. The cries echoes those our ancestors wailed in the dirty hulls of our enemies' Slave Ships. When will this shit end ? When will we take charge of our pitiful reality and end the pain?

Just as his cannibal brother Jeffrey Dahmer operated in the 'Hood feasting on the people, Heidnik partied in our midst executing his hatred on our women. Brothers where are you? Get ya asses outta the strip clubs, crack houses, ball parks and night clubs and help us take control of our space. Join those of us who will not tolerate this horror anymore.

We must look at the ability of the mass media to perpetuate madness among the people as central to the shit-stem's control of the whole population. You can't tell me you believe watching monsters, rapes, murders and sexual backwardness don't destroy potential decency in the

viewers.

Check it yo, Frankenstein walks the 'hood each and every night. Sometimes as a cannibal, a hail of police bullets, a pimp or a cop with a toilet plunger and a license to kill. We are living in madness that we pass on to our young. Meanwhile, we spiritually and culturally drift further from ourselves on the invisible slave ship that we can't seem to get off.

Heidnik's Black daughter Maxine White, a former foster child, fought for her father's life, but never uttered a word about her father's war against our women. No love for her young Black Sisters violently attack with a hatred that would make his slave-holding ancestors proud. I question her sanity, her love, her respect for her race and her bad ass judgment.

I feel the same way the Jews must feel about one of their male members killing people at his school to celebrate Hitler's birthday. Amerikkka will drive ya mad if you lose focus of the Afrikan Revolution and the global rumble we are engaged in all over the world.

Again, I don't believe those who create the madness should judge and conduct State Murder, we gotta handle our own business or disintegrate like little Black raisins in the sun... And I'm out!

**It's a privilege to be Afrikan,
but Afrikans must unite!**
